Quality that guarantees customer satisfaction

OMNITEC SYSTEMS has accumulated an experience of more than 25 years developing, manufacturing and commercializing Electronic Locks, Safes and Minibars. Today, OMNITEC is one of the **most recognized brands in the HOSPITALITY sector**, with a guarantee of quality and service on the 5 continents.

A highly specialized team in all areas and a totally market-oriented focus have made it possible for OMNITEC SYSTEMS to develop solutions for security and comfort. By connecting this team with the logistics centres in Europe, America and Asia, today we are able to be present in more than 10,000 hotels around the world, including the most prestigious international hotel chains.

Leaps in quality and specialization do not occur by chance. A continuous investment in R+D, guaranteed by our knowledge of the market, has led to OMNITEC SYSTEMS being at the forefront of the sector.

We invite you to know the numerous options of OMNITEC safes and we are sure that among them, you will find the one that fits your needs, whatever they may be.

Systems

Exo • Nobo • Safeguard

Different systems for opening and management for hotels of all categories, from the most technologically advanced to the most functional.

OMNITEC Safes

- **Versatility:** combining its formats, sizes and technologies, OMNITEC offers a wide range that will fit any installation.
- **Security:** the use of tested quality materials guarantees the security and peace of mind that your guests deserve.
- **Customized finishes:** the different accessories available allow you to configure the safe that best fits your hotel.

6 SIZES

EXO model

Opening via Bluetooth, proximity and numerical code, plus Bluetooth management and maintenance; these are the identifying features of a safe with a high technological DNA.

CONNECTIVITY

Installation, management and maintenance via Bluetooth with a mobile app controlled by the administrator

Installation & management with mobile APP

EXO BI-MASTER random code

UNLIMITED AUDIT

Security GUEST PRESENCE exclusive to Omnitec

OPENING Code | RFID | Bluetooth

general characteristics

A safe that guarantees the security of guests' property and gives you the extra convenience of being able to open it with your smartphone, RFID tag or personal numerical code.

available dimensions

model	dimensions height x width x depth
pad	200 x 360 x 270 mm
laptop 15	200 x 430 x 350 mm
laptop 17	200 x 400 x 480 mm
folder	200 x 430 x 400 mm
avant 15	120 x 400 x 350 mm
avant 17	120 x 400 x 480 mm

standard features

- Motorized opening and closing, with 4 to 6 digit **customer code**, **RFID tag** and **Bluetooth**.
- **Maintenance and management with Mobile APP**: no limit to the number of events recorded, battery level check, set-up of the installation, generation of **single use master code**
- **Self-locking GUEST-PRESENCE**: in installations with the EXO safe and Omnitec and Gateway locks, **the safe will only be activated when the room lock is opened by the guest**. Whenever any other person enters the room, the safe remains disconnected
- **EXO Bi-Master** with two code modes: fixed programmable and random single-use opening
- Emergency opening via master code and hidden mechanical key
- **Different types of codes** and Bluetooth authorisations: temporary, single use, permanent and cyclic
- ADA keyboard for the visually impaired
- Low consumption **LED interior lighting**
- **110° wide opening** hinge to insert belongings without risk of damaging them

optional accessories

- Interior multi-zone socket, with USB option
- Power supply, avoids the use of batteries and minimizes maintenance

specific project options

Change of colour, RAL chart

Left opening door

Single-use random master code

The single-use random master code significantly improves the level of hotel security.

The app generates an emergency code that is used only once to open the safe it was created for.

2 SIZES

NOBO model

The NOBO electronic safe is a multipurpose model that offers all the functions demanded by hotels and tourist accommodation.

POLYVALENCE

NOBO provides the services demanded most in hotels. Its standard version and optional add-ons meet the security and functionality requirements of most hotels.

ACCESSORIES

Convenience and safety for your guests

NOBO offers a balance between convenience and safety; both being highly valued by guests.

Options for rental, RFID or iButton opening and auditing, among others, make NOBO a polyvalent safe for guests and owners of hotels and tourist accommodation.

OMNITEC, international partner for security and performance

www.omnitecsystems.com

general characteristics

A safe with a highly visible, white backlit screen and keyboard. Simple for guest management, it offers the owner different emergency opening and audit methods to help resolve possible incidents. NOBO has become an icon in versatility and comfort.

available dimensions

model	dimensions
	height x width x depth
pad	200 x 360 x 270 mm
laptop 15	200 x 430 x 350 mm

standard features

- Electronic, motorised opening and closing
- Bolts with anti-lever protection
- Audit, of the last 400 events (opening + closing), with handheld unit
- Guest code from 3 to 6 digits
- Emergency opening via:
 - Master code
 - Mechanical key
 - Handheld device
- Low consumption LED interior lighting
- ADA keyboard, acoustic and visual signals to facilitate operation for people with visual or hearing disabilities.
- Door with opening spring

specific project options

- Left opening door
- Card opening
- Change of colour, RAL chart
- Opening by iButton

optional accessories

- Multi-zone socket inside, option with USB
- Electrical power supply. Keeps batteries powered for use during power cuts

* iButton is an alternative emergency opening method to the traditional mechanical lock.

The iButton system is a more secure option, as it cannot be duplicated, unlike physical keys. Additionally, the administrator can cancel and/or reprogramme the opening permissions for an iButton-equipped safe.

Safes with iButton are especially designed for large establishments and cruise ships.

3 SIZES

SAFEGUARD model

Offering security to the guests does not have to involve a large investment. OMNITEC presents the Safeguard safe: secure, functional and economical.

FUNCTIONALITY
