EC-A2 REX

2 Door Access Control Module for EC-i Control Panels
EC-i control panel must be firmware version 10.3.45 or above

EliteAlarms

Keypads, readers & biometric devices can be connected to the 'EC-i' system via the 'EC-A2 REX' module, creating seamless integration of alarm & access control functions from one system.

Connect doors or gates to the 'EC-A2 REX' for simple control via access reader/keypad, EliteCloud app, EliteCloud dashboard, web browser, schedule or alarm keypad.
